1. Cleveland teletype (attached) requested the Bureau to consult with the Department to obtain authorization for a search warrant for the off-campus residence of student [REDACTED]

The attached teletype relates another student had observed an unidentified male drop lighted gasoline soaked rag into a broken window of the ROTC building at Kent State University and identified this person from a group photograph taken at the time of the incident. [REDACTED] identified this individual in the photograph as being [REDACTED] Parma, Ohio. [REDACTED] father was interviewed and advised his son [REDACTED] had told them he was present at the burning of the ROTC building, was a student at Kent University and resided off campus at 230 East Main Str Kent, Ohio. He stated his son has attended numerous campus demonstrations in Cleveland, Washington and Kent, Ohio. Father indicated he planned to travel to Kent on 5/10/70 or 5/11/70 to obtain his son's personal belongings.

On 5/10/70 Assistant Attorney General J. Walter Yeagley, Internal Security Division of the Department, was telephonically contacted by SA R. L. Shackelford, Duty Agent, Domestic Intelligence Division, and advised of the request for a search warrant by the Cleveland Office and the supporting facts. Yeagley was advised Cleveland Office believes the apartment of [REDACTED] contain evidence of his involvement in the firebombing of the ROTC building.

Assistant Attorney General Yeagley verbally authorized the Cleveland Division to obtain a search warrant of [REDACTED] off-campus residence to search for evidence of his involvement in the firebombing.

Transmitted to the FBI Laboratory under separate cover, are the following items which were seized in the search of 233 East Main Street, Kent, Ohio under the authorization of a search warrant, issued May 10, 1970, by United States Commissioner CLIFFORD E. BRUCE, Cleveland, Ohio, which search warrant was executed May 10, 1970, by searching the residence at 233 East Main Street, Kent, Ohio, for clothing, incendiary material or any other material that could be used for destructive purposes by explosion, thermal or incendiary destruction:

1. (Item 1) 3/4 length gray winter jacket (parka), with fur-lined hood and orange lining.
2. (Item 2) One pair blue denim jeans trousers
3. (Item 3) One pair tan suede gloves.
4. (Item 4) One blue, men's shirt (cotton).
5. (Item 5) One hippie type headband.
6. (Item 6) One pair purple levi's trousers
7. (Item 7) One tan corduroy coat in plastic dry-cleaners bag.
8. (Item 8) Two make-shift peace armbands, made from dungarees.

Enclosed

(11/19) Items found in first floor bedroom:

- Q 9 6 rubber balloons
- Q 10 1 tube Flora Contact Cement
- Q 11 1 tube Flora cement
- Q 12 1 cardboard tube, partially covered with aluminum foil, with burned hole in one end (mace-shirt marijuana pipe?)

11 The FBI Laboratory is requested to examine the items of clothing, numbered Item #1 thru Item #8, for any traces of residue or smoke particles or incendiary chemical residue which might indicate the wearer of this clothing had started fires through the use of gasoline soaked rags, railroad flares or any other type of device of a flammable or combustible nature.

20 It is requested that the FBI Laboratory examine the items submitted under Item #9, that is the six rubber balloons, the two tubes of cement with the intention of determining if these balloons and cement were used by individuals to sniff glue for narcotic effect. For example, examine the tubes to determine if any facial hairs or nasal hairs are present on the cap or the tubes.

21 It is also requested that the cardboard tube which is probably a mace-shirt pipe, be examined to determine whether or not this pipe was used to smoke marijuana, hashish or any other type of narcotic which could be utilized by smoking.

Assistant Attorney General Jerris Leonard, Civil Rights Division called. He was out of the city. I assume he was in Chicago as he was there yesterday. He said the initial request for an inquiry at Kent came from the Attorney General and he (Leonard) was to coordinate it. He said the two Departmental attorneys in Cleveland should be given any reports which are furnished to the Department and any other information which may be furnished with reference to the investigation conducted. A copy of the report has been delivered to the Departmental attorneys in Cleveland.

Leonard did not know the extent of the preliminary investigative report which was sent over to the Department yesterday and I went over the table of contents. He said this would cover the preliminary information which he had requested and that preference should not be given to any phase of this investigation. He said he understood Yeagley had requested certain investigation of the Domestic Intelligence Division on the Sabotage phase and the Criminal Division may also have an interest in it. I told him no preferential treatment had been given nor would it be given to any phase of this investigation.

He said Yeagley's request was not sent through him. I advised him this obviously was a lack of coordination in the Department among the various divisions. He said on the basis of our conversation it appeared this was because Yeagley has requested certain investigation, the Criminal Division may have an interest in this matter, and he (Leonard) is being held responsible for the over-all coordination of it.

He said he realizes now the Bureau has followed the procedure of sending information to his Division, as well as to the Interdepartmental Intelligence Unit, Yeagley, and the Criminal Division, and apparently this material is not being brought to his attention. He said he would make sure the Department channels into the proper hands the information which the Bureau has sent. He told me he will make sure any requests for investigation will be coordinated and cleared through his office so he will be aware of requests from Yeagley and Wilson of the Criminal Division.

At Kent State University there are two investigations being conducted; (1) the civil rights type of investigation which involves the deaths of the four students and the wounding of a number of others, and (2) the sabotage type investigation which concerns the attack on and the burning down of the ROTC building and its belongings. This incident occurred prior to the shooting and, of course, was one of the principal reasons why the National Guard was called in to control the situation at Kent State University.

There is, of course, considerable pressure on us to complete all investigation as expeditiously as possible. The Director has instructed that the report be completed as of 12:00 Noon, Tuesday, May 12, 1970. Instructions have been issued accordingly and we will meticulously adhere to this deadline.

In order to put more investigative pressure on the civil rights angle (we currently have 48 Agents working on this matter), and if the Director has no objections, I would like to recommend that the deadline on the sabotage report be set for Thursday, May 14, 1970, at 12:00 Noon. If the Director agrees, the civil rights type of investigative report will be completed by 12:00 Noon, Tuesday, May 12, 1970, and the sabotage type investigative report will be completed by 12:00 Noon, Thursday, May 14, 1970.

UNSUBS; Firebombing of Army ROTC Building, Kent State University (KSU), Kent, Ohio 5/2/70
SABOTAGE

OO: Cleveland

Transmitted to the FBI Laboratory under separate cover, are the following items which were seized in the search of 203 East Main Street, Kent, Ohio under the authorization of a search warrant, issued May 10, 1970, by United States Commissioner CLIFFORD E. BRUCE, Cleveland, Ohio, which search warrant was executed May 10, 1970, by searching the residence at 230 East Main Street, Kent, Ohio, for clothing, incendiary material or any other material that could be used for destructive purposes by explosion, thermal or incendiary destruction:

- Item #1 3/4 length gray winter jacket (parka), with fur-lined hood and orange lining.
- Item #2 One pair blue denim jeans.
- Item #3 One pair tan suede gloves.
- Item #4 One blue, men's shirt (cotton).
- Item #5 One hippie type headband.
- Item #6 One pair purple levis.
- Item #7 One tan corduroy coat in plastic dry-cleaners bag.
- Item #8 Two make-shift peace armbands, made from dungarees.

MAY 22 1970 U.S. Savings Bonds Regularly on the Payroll Savings Plan

Item #9 Items found in first floor bedroom:

- 6 rubber balloons.
- 1 tube Elmers Contact Cement
- 1 tube Duco cement
- 1 cardboard tube, partially covered with aluminum foil, with burned hole in one end (make-shift marijuana pipe?)

The FBI Laboratory is requested to examine the items of clothing, numbered Item #1 thru Item #8, for any traces of residue or smoke particles or incendiary chemical residue which might indicate the wearer of this clothing had started fires through the use of gasoline soaked rags, railroad flares or any other type of device of a flammable or combustible nature.

It is requested that the FBI Laboratory examine the items submitted under Item #9, that is the six rubber balloons, the two tubes of cement with the intention of determining if these balloons and cement were used by individuals to sniff glue for narcotic effect. For example, examine the tubes to determine if any facial hairs or nasal hairs are present on the cap or the tubes.

It is also requested that the cardboard tube which is probably a make-shift pipe, be examined to determine whether or not this pipe was used to smoke marijuana, hashish or any other type of narcotic which could be utilized by smoking.

SAC Cusick, Cleveland, advised that of particular interest the fact some of the National Guard have indicated they fired shots into the air. One said he did shoot and saw someone collapse but he could not identify anyone. He was not sure he shot the individual. More specific details will be obtained concerning this incident. The above is pointed out merely to show that we apparently are developing pertinent information.

Also of significance is the fact that a student, one [redacted] indicated that on Sunday prior to the confrontation on Monday some [redacted] came to the Wright Dormitory and indicated there were four wooden [redacted] on the campus and all of them had to burn. These were ROTC buildings. The spokesman for this group said they would meet on the common [redacted] campus at noon on May 4 (Monday). This was the day and time of the confrontation. The student said he might be able to identify the leader because he attended a gym class with him. He also said he later saw a fellow throwing a canister.

At the present time the squad of 36 has been augmented and are now 46 Agents working on various phases of this matter.

More specific details are being furnished. This is preliminary data.
